

JTW Principal's Message

Last Updated Wednesday, 04 February 2009

As an ongoing commitment in our endeavor to educate each student to their fullest potential the following Character Education traits will be emphasized during the school year. Students receive recognition on our Character Education Bulletin Board located in the main hallway on the first floor when they have been caught demonstrating good character traits. Please visit the bulletin board often to see if your child has been caught demonstrating positive character traits..

I encourage parents to speak with their children about these traits. Working together, I am certain we will be on our way to developing good solid character traits in our children that will enhance their chances for success both in and out of the classroom.
