

Mock DWI Crash

Monday, 05 May 2008

Last Updated Wednesday, 13 August 2008

From the Desk of R. Terrence Redman, Principal

In preparation for the Junior Ball and Prom season, Lake Shore Senior High has hosted a Mock DWI crash on the High School grounds for all Juniors and Seniors. The events of today have been coordinated by Lake Shore Central Schools, Erie 2 BOCES EMS program, Evans Fire Department, and the Evans Police.

The simulation was a re-enactment of a DWI accident involving students. The purpose was to educate students and to heighten their awareness of the dangers of drinking and driving. As Prom time and Graduation fast approach, we want to take every opportunity to keep our students healthy, happy, and safe.

I would like to thank all of the school personnel and community volunteers who made this activity successful.
